TREES, BULBS, PLANTS OF UNUSUAL BEAUTY

Here are a few things for the garden that give a lot of color, show and beauty.

TREE ROSES

We offer a few Tree Roses this spring in 3 kinds. The supply is very limited. . .

BETTER TIMES—Brilliant cerise, fragrant.

COUNTESS VANDALL—Pink copper gold salmon.

GOLDEN RAPTURE—Rich yellow, long buds.

3 to 3½ ft. stems, 2 yr. \$5.00 each

TUBEROUS BEGONIAS

This is one of the most beautiful flowers grown, the bulbs come from Belgium, and are top size. We start these bulbs in February. They are rooted in flats of peat moss, which takes 4 to 6 weeks, then they are potted in special paper pots, then the top growth is started, they are ready for outside planting about May 1. They can be grown in the house as pot plants much earlier. They come in Crimson, Scarlet, Yellow, Pink, White and Copper. Each in 5 in. pot.

65¢ each; 3 for \$1.80; 6 for \$3.30; 10 for \$5.00

These Begonias should be planted in part shade. The soil should be heavy with humus (Peat Moss).

HARDY LILIES

These are large size lily bulbs; planted this spring will bloom this summer; they are left in the ground and will increase year to year. . .

AURATUM LILY—This gold banded lily, white with crimson spots and a gold stripe the center each petal. Grows 4 to 4½ ft. Blooms 4 to 6 in. across.

RUBRUM LILY—Many think this the loveliest of all, bright pink edged with small maroon spots. Blooms July to Sept. Blooms 4 to 6 in. across.

REGAL LILY—Snow white, with golden throat, tinged pink on the outside. Established plants have 15 to 25 blooms to each stem. America's popular lily.
